

One-Year Bible Reading Plan

Build a plan you can actually keep. No dates, so you cannot fall behind.

PLAN NAME _____

STARTED _____

1. Pick a pace you could keep on your worst day

- Chapters per reading: _____ Readings per week: _____
- A four-day week that survives February beats a seven-day week you quit in March.

2. Choose your route through Scripture

- Old Testament book: _____
- New Testament book: _____
- Psalms or Proverbs alongside: _____

3. Map it out

Number the readings rather than dating them. Read the next one whenever you sit down.
Seventy-eight readings, about a quarter at six a week. Print a fresh sheet when you fill it.

1	2	3	4	5	6
7	8	9	10	11	12

19	20	21	22	23	24
25	26	27	28	29	30
31	32	33	34	35	36
37	38	39	40	41	42
43	44	45	46	47	48

61	62	63	64	65	66
67	68	69	70	71	72
73	74	75	76	77	78

4. Decide now what happens when you miss one

There is no catch-up math. Open days stay open. Read the next number and keep going.
